

# McMULLENOLAN

Strengthening the company's Geographic Information Systems (GIS) capabilities, McMullen Nolan has teamed with leading GIS specialists, Digital Mapping Solutions, to provide GIS services to a wide range of public and private sector clientele.

Developed in-house, the company's MobileMap, InterMaps and IntraMaps products allow the user to have desktop functionality while in the field, internet connectivity to view data from remote locations and to deliver spatial data across corporate intranets.

In addition to product development the company provides comprehensive training and support services to ensure clients maximise their GIS investment.

- LAND SURVEY
- HYDROGRAPHIC SURVEY
- 3D LASER SCANNING
